

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

Day 1, Thursday 2 October 2019

12.00 – 13.00	REGISTRATION	
13.00 – 17.00	Workshop : Hernia Essentials (BITDeC) Session 1	

Day 2, Thursday 3 October 2019

07.00 – 08.00	REGISTRATION	
08.00 - 13.00	Surgery Video Broadcast 1 - Pecatu 1	
08.00 - 13.00	Surgery Video Broadcast 2 - Pecatu 2	
13.30 – 17.00	MEDICAL WRITING Mengwi	
13.00 – 13.25	Why write / Publish?	Anil Sharma (India)
13.25 – 13.50	What to write – types of articles	Anil Sharma (India)
13.50 – 14.35	How to write an original article - IMRAD	Anil Sharma (India)
14.35 – 15.00	Writing style, Titles, Abstracts, Tables and Figures	Anil Sharma (India)
15.00 – 17.00	TBA	Gatot Lawrence (Indonesia)

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

13.30 – 17.00	MASTER CLASS – INGUINAL AND VENTRAL HERNIA REPAIR Course Director: Barlian Sutedja (Indonesia) Moderators: Barlian Sutedja (Indonesia) and Hanh Minh Tran (Australia) Mengwi
13.30 – 13.50	State of the Art: Lichtenstein repair - David C. Chen (USA)
13.50 – 14.10	TAPP - Reinhard Bittner (Germany)
14.10 – 14.30	TEP - Li Jianwen (China)
14.30 – 14.50	Single incision laparoscopic inguinal herniorrhaphy: why it can be superior to conventional multiport repair in special cases- Hanh Minh Tran (Australia)
14.50 – 15.10	IPOM – Alfred Allen E. Buenafe (Phillippine)
15.10 – 15.30	Complication in Ventral / Incisional Hernia - Pradeep Chowbey (India)
15.30 – 15.50	MILOS / e-MILOS - Reinhard Bittner (Germany)
15.50 – 16.10	Robotic Current Status of Robotic AVR - Davide Lomanto (Singapore)
16.10 – 16.30	Take home message

13.30 – 17.00	PEDIATRIC HERNIA SURGERY Course Director: Binggen Li (China) Moderator: Iskandar R. Budianto (Indonesia) Mengwi
	Binggen Li (China)

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

13.00 – 17.00	RECTUS DIASTASIS Course Director: Davide Lomanto (Singapore) Moderator: Jan F. Kukleta (Switzerland) Mengwi
13.00 – 13.15	Anatomic Overview, Classification, Risk Factors and Prevention of RD - Jan F. Kukleta (Switzerland)
13.15 – 13.30	Laparoscopic IPOM Repair - Sujith W. (Singapore)
13.30 – 13.45	Extraperitoneal Endoscopic RD plication (e-TEP) - Henry Hoffman (Switzerland)
13.45 – 14.00	Robotic Assisted Repair of RD: plication and Mesh Reinforcement: Onlay Approach - Marco Faria Correa (Singapore)
14.00 – 14.30	Coffee Break
14.30 – 14.45	Robotic Assisted Repair of RD: plication and Mesh Reinforcement: Posterior Approach - Davide Lomanto (Singapore)
14.45 – 15.00	Endoscopic Assisted Linea Alba Reconstruction - Jan F. Kukleta (Switzerland)
15.00 – 15.15	Onlay Reconstruction of Linea Alba - Alessandro Carrara (Italy)
15.15 – 15.30	Post Operative Management - Sujith W. (Singapore)
15.30 – 15.45	Role of Dermolipectomy - Marco Faria Correa (Singapore)
15.45 – 16.15	Discussion
16.15 – 16.30	Certification: Davide Lomanto and Marco Faria Correa

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

Day 3 Friday, 4 October 2019

07.00 – 08.00	REGISTRATION	
08.00 – 08.40	Keynote Lecture 1 Moderator: Aryono D. Pusponegoro (Indonesia) Pecatu 1 & 2	
08.00 – 08.20	Surgeon + One - Ibrahim Labeda (Indonesia)	
08.20 – 08.40	Herniology – Future Trend - Pradeep Chowbey (India)	
08.40 – 09.40	Plenary Lecture 1 Moderator: Errawan R Wiradisuria (Indonesia) Pecatu 1 & 2	
08.40 – 08.55	TBA - Mike Griffin, President, Royal College of Surgeons of Edinburgh - (UK) – <i>within confirmation</i>	
08.55 – 09.10	Optimizing Inguinal Hernia Repair - David C. Chen (USA)	
09.10 – 09.25	Managing Patient with Massive Abdominal Hernia in Severe Obesity - Chen Jie (China)	
09.25 – 09.40	Laparoendoscopic Training in Asia: Where we are and What to do Next? - Jose Macario Faylona (Philippines)	
09.40 -10.40	OPENING CEREMONY - Pecatu 1 & 2	
10.40 -11.15	COFFEE BREAK	
11.15 – 12.15	Industry Sponsor A - JnJ Moderator: Pecatu 1	Industry Sponsor B – Mesh Suture Moderator: Pecatu 2
	Discussion	Discussion
12.15 - 13.15	FRIDAY PRAY & LUNCH BREAK	APHS Board Meeting Mengwi
13.15 – 14.30	2nd Hernia Essentials Convocation Pecatu 1	

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

14.30 – 15.30	Satellite Symposium 1 Guideline & Hernia Register Moderator: Reinhard Bittner (Germany) & Ronald E. Lusikooy (Indonesia)	Satellite Symposium 2 Ventral / Incisional Repair Moderator: George Yang (Hong Kong) & M. Alsen Arlan (Indonesia)	Satellite Symposium 3 New Development Technique in Abdominal Wall Repair Moderator: Henry Hoffman (Switzerland) & Warsinggih (Indonesia)	Satellite Symposium 4 Hiatal Hernia Moderator: ang Huiqi (China & Muhammad S. Niam (Indonesia)	Satellite Symposium 5 Mesh & Prostesis for Hernia Repair Moderator: Manish Baijjal (India) & Achmad Luthfi (Indonesia)
Room	Mengwi	Mengwi	Mengwi	Mengwi	Mengwi
14.30 – 14.42	14.30 – 14.50 (20') Update on Current Guideline / International Endo Hernia Guideline - Reinhard Bittner (Germany)	Laparoscopic IPOM Repair - Sujith W. (Singapore)	A New Concept in Component Separation: ACM and TAR in the same time - Giampiero Campanelli (Italy)	The Management of Hiatal Hernia in GERD Patients - Marcellus Simadibrata (Indonesia)	Long Term Absorbable Synthetic Meshes in Complex Hernia Surgery - Whats New? – Rene H. Fortelny (Austria)
14.42 – 14.54		Laparoscopic Ventral Hernia Preperitoneal Only Mesh Repair (PPOM) – George Yang (Hong Kong)	The Peritoneal Flap Technique for AWR - avoids the Need for Component Separation - Andrew De Beaux (UK)	TBA – Pradeep Chowbey (India)	Inguinal hernia repair with the 3D dynamic responsive prosthesis ProFlor: pathogenetical coherent, fixation free & low pain – Giuseppe Amato (Italy)
14.54 – 15.06	14.50 – 15.10 (20') Guidelines in Hernia Surgery - Friend or Foe - Andrew De Beaux (UK)	Is IPOM Coming or Going? – Jan F. Kukleta (Switzerland)	New Extraperitoneal Techniques in Ventral Hernia Repair – Henry Hoffman (Switzerland)	Laparoscopic Hiatal Hernia Repair in 51 patients: outcome and experience – Yang Huiqi (China)	Mesh Infections in the Era of Endolaparoscopic Inguinal Hernia Surgery - Manish Baijjal (India)

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

15.06 – 15.18	15.10 – 15.30 (20') Hernia Register: <ul style="list-style-type: none"> • (TAB) Germany • Qin Changfu (China) • Ronald E. Lusikooy (Indonesia) 	How to Improve the Outcome of Incisional Hernia Repair – Frederik Berrevoet (Belgium)	The THT Technique: an Endo-Laparoscopic Abdominal Wall Reconstruction for Midline Primary and Incisional Defects - Alessandro Carrara (Italy)	Hiatal Hernia – Risk Factors and Management – Muhammad S. Niam (Indonesia)	Mesh Fixation Tehnique: Tacker vs. Fibrin Glue - Taslim Poniman (Indonesia)
15.18 – 15.30		Our Experience with use of Polypropylene Mesh in Comparison to Covered Meshes in Laparoscopic IPOM Repair - Virinder Kumar Bansal (India)	Discussion	Guideline / Complication of Hiatal Hernia Repair - TBA	All about the Glue (Mesh Fixation) – Jan F. Kukleta (Switzerland)
15.30 – 16.30	Satellite Symposium 6 Hernia Prevention Moderator: J. Jeekel (Netherland) & Hendra Benyamin S. (Indonesia)	Satellite Symposium 7 Complex Hernia 1 Moderator: Rajesh Khullar (India) & Ji Zhenling (China)	Satellite Symposium 8 Bariatric Moderator: Kazunori Kasama (Japan) & Reno Rudiman (Indonesia)	Satellite Symposium 9 Para Stoma Moderator: Suthep Udomsawaengsup (Thailand)	Free Paper 1 Moderator:
Room	Mengwi	Mengwi	Mengwi	Mengwi	Mengwi
15.30 – 15.42	TBA - J. Jeekel (Netherland)	Complex and Complexity in Ventral Hernia - Davide Lomanto (Singapore)	Hernia in Bariatric Surgery - Kazunori Kasama (Japan)	Prevention of Para Stoma Hernia - Suthep Udomsawaengsup (Thailand)	Experience as Hernia Essentiale Trainie and Fellow in Hernia Center – Yustinus Rurie Wirawan (Indonesia)

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

15.42 – 15.54	Small Bites Technique and Prophylactic Mesh in Elective Midline Closure - When and How? - Rene H. Fortelny (Austria)	Giant Incisional Hernia - What Decision Making? – Ji Zhenling (China)	Bariatric Surgery and Ventral Hernia Repair: One Stage - Errawan R. Wiradisuria (Indonesia)	Laparoscopic Repair of Para Stoma Hernia - Yao Qiyuan (China)	Case report - Kipsanang Akemah (Indonesia)
15.54 – 16.06	Hernia Prevention: AHS Stop the Bulge Initiative - David C. Chen (USA)	Hybrid Procedure for Complex Abdominal Wall Hernia - Rajesh Khullar (India)	TBA - Asim Shabbir (Singapore)	Experiences of laparoscopic repair for recurrent parastomal hernias - Ronggui Lin (China)	
16.06 – 16.12		Recurrence after LVHR – Etiology and Management - Anil Sharma (India)	Internal Hernia after Bariatric Surgery – Peter Ian Limas (Indonesia)	Robotic Parastomal hernia repair - Abhishek Tiwari (India)	
16.12 – 16.30	Discussion	Discussion	Discussion	Discussion	

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

16.30 – 17.30	Satellite Symposium 10 Inguinal Hernia 1 Moderator: Le Quan Anh Tuan (Vietnam) & Iqbal Rivai (Indonesia)	Satellite Symposium 11 Complex Hernia 2 Moderator: Frederik Berrevoet (Belgium) & – Imam Sofii (Indonesia)	Satellite Symposium 12 Umbilical Hernia Moderator: Soler Marc (France) & Jin-Woo Park (Korea)	Satellite Symposium 13 Research Moderator: Barbora East (Chezh Republic) & Wifanto S. Jeo (Indonesia)	Free Paper 2 Moderator:
Room	Mengwi	Mengwi	Mengwi	Mengwi	Mengwi
16.30 – 16.42	Mechanism of Recurrence after Laparoscopic Repair of Inguinal Hernia and Feasibility of Re-laparoscopy. – Manish Baijal (India)	How to deal with the loss of Domain Hernias – Frederik Berrevoet (Belgium)	Small Umbilical Hernia – Mesh or Non Mesh – J. Jeekel (Netherland)	TEP hernia repair using Flexible Endoscopic Surgery System (FESS) - Norihito Wada (Japan)	
16.42 – 16.54	TAPP Repairs for Large Groin Hernias - Virinder Kumar Bansal (India)	Immediate abdominal wall defect reconstruction with mesh after tumor resection - Xuefei Zhao (China)	The Use of the Mesh in the Preperitoneal Space, for the Treatment of the Small Umbilical Hernias, with an Open Minimal Invasive Surgery – Soler Marc (France)	The use of NANO fibres in Hernia Surgery – Barbora East (Chezh Republic)	
16.54 – 17.06	Tips and Tricks TEP Current Status – Iqbal Rivai (Indonesia)	Laparoscopic Posterior Component Separation in huge incisional Hernia – Imam Sofii (Indonesia)			

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

17.06 - 17.18				Effects of porcine small intestine submucosa mesh on the treatment of inguinal hernia in young adults with different operation methods: a retrospective controlled study – Zhen Cao (China)	
17.18 - 17.30				Gasless single-incision total extra-peritoneal laparoscopic inguinal hernia repair under local anesthesia for the patient with high risk general anesthesia--initial experience – Tsai Chihung (Taiwan)	
19.00 - 22.00	GALA DINNER				

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

Day 4, Saturday, 5 October 2019

07.00 – 08.00	REGISTRATION
08.00 – 08.40	Keynote Lecture 2 Moderator: Hermansyur Kartowisastro (Indonesia) Pecatu 1 & 2
08.00 – 08.20	Do we need Register in Hernia Surgery? – Reinhard Bittner (Germany)
08.20 – 08.40	Robotic – Assisted Abdominal Wall Surgery - Davide Lomanto (Singapore)
08.40 – 09.25	Plenary Lecture 2 Moderator: Andy Maleachi (Indonesia) Pecatu 1 & 2
08.40 – 08.55	How to improve Hernia Repair Service in Indonesia - Barlian Sutedja (Indonesia)
08.55 – 09.10	Diagnosis and treatment of incarcerated hernia in elderly patients with intestinal necrosis - Tang Jianxiong (China)
09.10 – 09.25	Laparoscopic IPOM Repair and Abdominal Wall Reconstruction Scenario – Anil Sharma (India)
09.25 – 10.25	Debate Session Moderators: Alfred Allen E. Buenafe (Phillippine) and David C. Chen (USA) Pecatu 1 & 2
09.05 – 09.35	Open vs Laparoscopic Incisional Hernia Repair Huang Ching Shui (China) vs. Frederik Berrevoet (Belgium)
09.35 – 10.05	Why I Prefer TEP Repair for Inguinal Hernia - Rajesh Khullar (India) Vs. Why I Prefer TAPP for Groin Hernia Repair - Jan F. Kukleta (Switzerland)
10.25 – 11.00	Coffee Break

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

11.00 – 12.00	Satellite Symposium 14 Inguinal Hernia Repair 1 Moderator: John A. Morrison (USA) & Sarder A. Nayeem (Bangladesh)	Satellite Symposium 15 Robotic in Hernia Surgery Moderator: David C. Chen (USA) & Barlian Sutedja (Indonesia)	Satellite Symposium 16 Education & Training Moderator: Anil Sharma (India) & Nurhayat Usman (Indonesia)	Satellite Symposium 17 Pediatric Moderator: Binggen Li (China) & Kustiyo Gunawan (Indonesia)	Satellite Symposium 18 Laparoscopy Ventral / Incisional Hernia Repair Moderator: Hanh Minh Tran (Australia)
Room	Pecatu 1	Pecatu 2	Mengwi	Mengwi	Mengwi
11.00 – 11.12	Inguinal Hernia Repair – The Black and the White – John A. Morrison (USA)	Innovative Robotic Endoscopes for Minimally Invasive Surgery (Especially in Hernia Surgery) Li Zheng (Hong Kong)	Hernia Essentials Synopsis of APHS Flagship Training Program – Anil Sharma (India)	TBA – Binggen Li (China)	Clinical Profile of Incisional Hernia Repair and Minimally Invasive Approach using Larger Mesh for Repair - Bhupinder Singh Pathania (India)
11.12 – 11.24	State of the Art: Lichtenstein Repair – David C. Chen (USA)	Robotic-Assisted Abdominal Wall Hernia Repair - Davide Lomanto (Singapore)	Education & Training of Hernia in Indonesia - Nurhayat Usman (Indonesia)	Pediatric Laparoscopic Herniotomy- Iskandar R. Budianto (Indonesia)	
11.24 – 11.36	Update on TAPP Inguinal Hernia Repair - Jan F. Kukleta (Switzerland)	Robotic Assisted Inguinal Hernia Surgery – Current Update & Future Prospect – Reno Rudiman (Indonesia)	Artificial Intelligence and the Surgeon - Uday M. Muddebihal (India)	Laparoscopic Inguinal Hernia Repair in Children: to Cut or Not to Cut That is The Question? Arvind Sinha (India)	Scarless Surgery for Ventral and Incisional Hernia with Single Incision Laparoscopic Surgery - Hanh Minh Tran (Australia)

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

11.36 – 11.48	Update on TEP Inguinal Hernia Repair – Rajesh Khullar (India)	Robotic and Laproscopic inguinal hernia repair (which is better) - Abhishek Tiwari (India)	The Modular German Hernia School of DHG - Bernd Stechmesser (Germany)	Laparoscopic children inguinal hernia repair with the use of self-made sleigh shaped needle- the report of 5100 cases – Pingqian Bao(China)	Laparoscopic Repair with Phasix ST in Ventral and Inguinal Hernia Repair – Abdullah Aldohayan (UEA)
11.48 – 12.00	Keys to success in laparoscopic inguinal hernia repair – Ng Chee Yung (Singapore)	The Role of Robotic Surgery in Ventral Hernia Repair - David C. Chen (USA)	Electrospinning nanoscale P(LLA-CL)/fibrinogen patch versus porcine small intestine submucosal graft repair of inguinal hernia in adults: a randomized, double-blind, controlled, multicenter trial - Tang Jianxiong (China)	TBA - Kustiyo Gunawan (Indonesia)	
11.00 – 12.00	Free Paper 3 Mengwi		Free Paper 4 Mengwi		
12.00 – 13.00	Industry Sponsor C - Medtronic Moderator: Pecatu 1		Industry Sponsor D – AMC - BARD Moderator: Pecatu 2		
			TBA – Davide Lomanto (Singapore)		
	Discussion		Discussion		
13.00 – 13.45	Lunch Break				

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

13.45 - 14.45	Satellite Symposium 19 Inguinal Hernia Repair 2 (Complication 1) Moderator: Bernd Stechmesser (Germany)	Satellite Symposium 20 Midline Hernia / Diastasis Recti Moderator: Wolfgang Reinpold (Germany)	Satellite Symposium 21 Special Hernia Cases Moderator: Giampiero Campanelli (Italy)	Satellite Symposium 22 Inguinal Hernia 2 Moderator: Sri Pratomo (Indonesia)	Free Paper 5 Moderator:
Room	Pecatu 1	Pecatu 2	Mengwi	Mengwi	Mengwi
13.45 - 13.57	Perioperative Complication in TAPP Inguinal Hernia Repair – Barlian Sutedja (Indonesia)	Small Midline Hernias Associated with Diastasis Recti – Jan F. Kukleta (Switzerland)	Flank Hernia: The 4 Steps Procedure - Giampiero Campanelli (Italy)	Single Incision Laparoscopic Inguinal Herniorraphy: Why it can be Superior to Conventional Multiport Repair in Special Cases - Hanh Minh Tran (Australia)	
13.57 - 14.09	Chronic Pain in Inguinal Hernia Surgery - Henry Hoffman (Switzerland)	Robotic Assisted Repair of RD: plication and Mesh Reinforcement: Onlay Approach - Marco Faria Correa (Singapore)	Lateral Ventral Hernia: Where are we Now? - Davide Lomanto (Singapore)	Experience with Bi- Layer Inguinal Hernia Repair - Eka Swabhawa Uttama (Indonesia)	
14.09 - 14.21	Chronic Pain - Inevitable Collateral Damage in Hernia Surgery? - Bernd Stechmesser (Germany)	MILOS / e-MILOS - Wolfgang Reinpold (Germany)	Double Mesh Repair in huge abdominal musculoskeletal defect - Abdullah Aldohayan (UAE)	Why and when it can be Correct in 2019 to Prefer the Minimal Open Pre Peritoneale (MOPP) Access versus Laparoscopic and Open Anterior Route (Lichtestein) - Soler Marc (France)	

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

14.21 – 14.33	Prevention and Treatment of Inguinodynia – David C. Chen (USA)	Midline Primary and Incisional Defects - Alessandro Carrara (Italy)	Laparoscopic Perineal Hernia Repair after APR Section for Cancer. – Li Junsheng (China)	Tailored MISS approach for Supra pubic hernia repair – A Challenging Location – Rakesh Kumar Gupta (Nepal)	
14.33 – 14.45	Management of recurrent inguinal hernias - Jaideep K. Rao (Singapore)	Discussion	Laparoscopic Huge Spigelian Hernia – The Challenging Experience – Imam Sofii (Indonesia)	Day Care Inguinal Laparoscopic Hernia Repair, is it Fesiabile? Alexander Surya Agung (Indonesia)	
13.45 – 14.45	Free Paper 6 Mengwi		Free Paper 7 Mengwi		
14.45 – 15.45	Satellite Symposium 23 Inguinal Hernia Repair 3 (Complication 2) Moderator: Jin-Woo Park (Korea) & Qin Changfu (China)	Satellite Symposium 24 Emergency Moderator: Andrew De Beaux (UK)	Satellite Symposium 25 Country Sharing Moderator: Rolf Ulrich Hartung (UAE) & Donald W. Aronggear (Indonesia)	Satellite Symposium 26 Inguinal Hernia 3 Moderator: Huang Ching Shui (Taiwan) & Warsinggih (Indonesia)	Free Paper 8
Room	Pecatu 1	Pecatu 2	Mengwi	Mengwi	Mengwi
14.45 – 14.57	Mesh-Related Visceral Complications after Inguinal Hernia Repair - Jin-Woo Park (Korea)	Laparoscopic Management of Hernia Emergency – Michael Ka Wah Li (Hong Kong, China)	The Strength and Weakness of Single Institutional Hernia Database: A 30 years' Experiences – Huang Ching Shui (Taiwan)	Current Concepts in Inguinal Hernia Repair - Sathien Tumtavitikul (Thailand)	
14.57 – 15.09	Treatment of Mesh Erosion into Urinary Bladder with TEP	The role of Taxis (Reduction of the Hernia) in the Non-Surgical	International Guidelines for Adult Groin Hernia	Open Inguinal Herniorrhaphy (Mesh &	

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

	Technique - Li Junsheng (China)	Management of the Acute Groin Hernia - Andrew De Beaux (UK)	Management: An Australian Perspective - Hanh Minh Tran (Australia)	Plug) - Hyung-Jin Kim (Korea)	
15.09 – 15.21	Study of mesh infection management following inguinal hernioplasty with an analysis of risk factors: A 10-year experience – Yang Huiqi (China)	Incarcerated Inguinal / Femoral Hernia Repair – Anil Sharma (India)	Inguinal Hernia Repair in Korea - Hyung-Jin Kim (Korea)	Long-term Results of Open Posterior Mesh Repair for Recurrent groin hernia. - Huang Ching Shui (Taiwan)	
15.21 – 15.33	Mesh Infection after Laparoscopic Inguinal Hernia Repair – Hyung-Jin Kim (Korea)	Use of prosthetic mesh for acutely incarcerated or strangulated inguinal hernias: a retrospective study of 112 cases – Jing Liu / Yingmo Shen (China)	Training and Education in Hernia Surgery in UAE – Rolf Ulrich Hartung (UAE)	Sportman Groin - Henry Hoffman (Switzerland)	
15.33 – 15.45	Do we need Antibiotics in Inguinal Hernia Surgery? - Bernd Stechmesser (Germany)		TBA - Donald W. Aronggear (Indonesia)		
14.45 – 15.45	Free Paper 9 Mengwi		Free Paper 10 Mengwi		
15.45 – 17.15	TOP GUN VIDEO MASTER CLASS Moderator: Davide Lomanto (Singapore) & Barlian Sutedja (Indonesia) Pecatu 1				
15.45 – 15.55	Video Presentation on TAR for Complicated Abdominal Wall Hernia - Jose Macario Faylona (Philippines)				
15.55 – 16.05	TBA - Alessandro Carrara (Italy)				
16.05 – 16.15	TEP Plus Technique for Inguinal Hernias - Jaideep K. Rao (Singapore)				

The 15th Asia Pacific Hernia Society (APHS) Conference
October 3rd – 5th, 2019 at Bali Nusa Dua Conference Centre (BNDCC), Bali, Indonesia

16.15 – 16.25	Robotic Assisted Incisional Hernia Repair - David C. Chen (USA)
16.25 – 16.35	TEP - Rajesh Khullar (India)
16.35 – 16.45	MILOS / e-MILOS - Wolfgang Reinpold (Germany)
16.45 – 16.55	Para Stoma Hernia Repair - Suthep Udomsawaengsup (Thailand)
16.55 – 17.05	Complication in Laparoscopic Hernia Repair – Anil Sharma (India)
17.05 – 17.15	Tips & Tricks in TAPP - Jan F. Kukleta (Switzerland)
17.15 – 17.55	AGM – Pecatu 1
17.55 – 18.00	CLOSING REMARK - Pecatu 1
